TURKEY			
Istanbul Turkey	10/11/2017	<p>The project firstly introduced Boğaziçi University Faculty of Education Fall Term Information Sharing Meetings in which professors give lectures about current educational topics and projects. The seminar was announced a few weeks ago in faculty of education and also professors and teachers got an e-mail which includes general information about project. Presentation was held on November 10. There were 25 participants who were professors, students and staffs from different departments. Mine Gol Guven and Nalan Babur was both attend the project introductory session and Babur started to give information about the project with a slideshow. Disability statistic in Turkey and problems in lives of parents with disabled children was shared with audience. Afterwards, Guven explained the aim of the project. Information about demographics of participants and variables of study were shared with participants. Then, result tables which compares participating countries' situation were shown. At the end of the presentation, recommendation in both macro-micro level were indicated. After presentation, questions of participants were answered. The questions were generally about how this project can be beneficial and sustainable in long term and how this project can contribute to government policies.</p> <p>No:25</p>	To inform the interested parties about the project. The meeting was held to disseminate the project's purpose, content and the results of the research.
Istanbul Turkey	17/11/2017	<p>The project was introduced in Symposium on Culture of Living Together which was organized by Boğaziçi University Peace Education Application and Research Center on November 17. There were nearly 50 participants who were professors, students and people with personal interest in peace education and in living in a culture of togetherness. Symposium was announced with different channels such social media, posters and personal contacts. In symposium, there was a session which was called as "Exemplary Projects in Peace Education". Guven participated in the session as both moderator and speaker. She gave information about the aim, methods, process and stakeholders of the projects. Moreover, she explained in what ways this project can contribute to peace and inclusivity in the society.</p> <p>No:50</p>	The project was announced and the aim/content was shared with the audience. Possible collaborations were offered by the participants.

Meeting Location (city & country)	Date	Participants (partners / associated partners / stakeholders) / Type of the event (meeting / seminar / conference) Number of participants	Purpose of the meeting (What was disseminated?)
Istanbul Turkey	November and December	500 brochures were sent to the NGO's that have strong agendas on strengthening families and individuals of disabilities.	The website and contact information is on the brochure. It is hoped that when the training part of the project will be launched, interested families will be reached.
